NEWS RELEASE

June 17th, 2019

CUV Ventures RevoluVIP New Destinations, PSD2 License Update, RevoluPAY Payment Request Activated, Negotiations with Nasdaq Listed Mobile, Cable, Pay TV Company

Vancouver, BC – CUV Ventures Corp. (TSX-V: [CUV](#)) (“the Company”) is pleased to announce that it has received written communication from legal counsel Hogan Lovells on 13th June 2019, concerning the pending Central Bank issued PSD2 License petition. Hogan Lovells has informed the Company the license petition is progressing favorably and, that it has a confirmed call next week with the Licensing approval division of the Central Bank. RevoluVIP adds Florida, California and Guatemala websites to the worldwide Travel Club platform. RevoluPAY worldwide “Payment Request” now activated. RevoluVIP web traffic increases impose major server upgrade. RevoluUTILITY progresses positively. RevoluPAY Visa Card set for final launch. Negotiations mature between CUV advisor Emilio Morales and, Nasdaq Listed Mobile, Cable, Pay TV Company.

PSD2 Bank License Update

As informed to shareholders on [May 29th, 2019](#), the Company successfully completed submission of all supplementary documentation requisitioned by the Central Bank. Subsequently, Hogan Lovells lead counsel has advised the Company that a reply from the Central Bank should be expected on, or before, July 8th 2019.

Negotiations with Nasdaq Listed Mobile, Cable, Pay TV Company

Advisor Emilio Morales is currently in negotiations with a Nasdaq listed company focused upon the Mobile, Cable Broadband and Paid TV sectors. The company currently has over 50 million subscribers and, is focused upon the South American and, African markets. The current negotiations are centering around the ability of RevoluPAY users to pay for subscription services and, a reverse scenario, in which subscribers of the company may utilize RevoluVIP under a possible white label deployment. Mr. Marshall, Company CEO, is currently studying the opportunities presented and, will update shareholders accordingly, should the ongoing negotiations prove favorable.

RevoluVIP Travel Club Adds New Websites

The Company has successfully launched 3 new destination travel websites. Consequently, [Florida](#), [California](#) and [Guatemala](#) are now entirely active and generating booking requests. Furthermore, the Company's inhouse tech team have advised that: [Alaska-vip.com](#), [Hawaiiivip.com](#), [USA-VIP.com](#), [Belizevip.com](#) should be online within 10 days. The Company now has complete destination content for 147 of the [VIP Collection](#) websites, which means that the roll-out speed will increase over the coming weeks. A prominent journalist has been engaged to provide the final destination travel related content for the 35 remaining countries.

[RevoluVIP Presentation](#)

RevoluVIP Server Upgrades

Due to a significant increase in web traffic to the [VIP Travel Club](#) websites and, the main RevoluVIP booking site, the Company has contracted two new, extremely performant, servers at its main data center. These servers will be gradually brought online from midnight Eastern Standard Time, Sunday 16th June 2019. Users may experience intermittent service on the RevoluVIP platform for around 8 hours or less. The high-capacity servers chosen will exclusively host all of the back-office and, booking platform for the upcoming [182 VIP Collection](#) destination websites and, main RevoluVIP XML Software.

RevolUTILITY Advances

As advised in the [29th May 2019](#) news release, RevolUTILITY is planned to be fully active and functional by June 28th. Developers of the platform have provided a [sneak peak](#) of the upcoming vertical, which was recently posted on social media.

[RevolUTILITY Presentation](#)

Pending Remittance Focused Definitive Agreements

The Company has finished the legal framework and, contracting required, to conclude the definitive agreements with: [Easy Pagos](#), [Grupo Eficacia](#) and, [RedCHAPINA](#). The corporate attorney at RevoluPAY S.L Barcelona has provided management with the final agreement, which is now being studied, for eventual signing, by the aforementioned MOU signees.

RevoluPAY New "Payment Request" Functionality

As per the news release dated [31st May 2019](#), the Company is elated to confirm that the "payment request" option has now been successfully added to the RevoluPAY merchant options. The system allows Expedia, Agoda, Booking Holding and, private B&B and Small Hotel property owners, to autonomously generate a digital invoice through the RevoluPAY Merchant App and, send this invoice directly through the RevoluPAY app to a phone contact or, via: sms, email, social media or instant messenger platforms. The accommodation customer can now click the invoice and, make the payment in seconds, with their phones RevoluPAY app. Resulting payments appear in the property owner's app instantaneously.

RevoluPAY® e-Wallet Linked Prepaid Visa card

The Company has been advised that the software incorporation into the RevoluPAY app of the e-Wallet linked proprietary Visa Card will begin next week. The [RevoluPAY® physical international visa card](#) permits withdrawals from any ATM that accepts Visa worldwide, allied to POS payment at any location that accepts Visa. This functionality will give RevoluPAY® app users an added layer of financial autonomy, in those locations where NFC enabled POS devices and ATMs, for which RevoluPAY is already enabled,

are not yet operational. The physical printed cards have been in the Company's possession for several months, meaning that once the software incorporation is concluded, the RevoluPAY Visa Cards can be shipped to users worldwide.

RevoluCHARGE Mobile Phone Top-Ups

The Company is pleased to report that the increases in sales between April and May on the proprietary mobile phone top-up platform [RevoluCHARGE](#) reported in the [29th May 2019](#) news release have continued, with a new increase, covering only the first 15 days of the month of +45.92%, compared to the month of May. While RevoluCHARGE has yet to be marketed in any meaningful manner, the proprietary Worldwide Mobile Phone Top-Up service has begun to gain excellent traction through word of mouth and return users. Based upon the reality that the Company has yet to market this vertical, the results obtained for the first half of June have proven very promising thus far

About RevoluPAY®

The Company's flagship technology is [RevoluPAY®](#), the [Apple](#) and [Android](#) multinational payment app. Built entirely in-house, RevoluPAY features proprietary, sector specific, technology of which, the resulting source code is the property of the Company. RevoluPAY's built-in features include: Leisure payments, travel payments, retail and hospitality payments, remittance payments, real estate payments, pay-as-you-go phone top-ups, Utility Bill payments, etc. RevoluPAY is powered by blockchain protocols, and, is squarely aimed at the worldwide multi-billion dollar leisure sector and, + [\\$595 billion](#) family remittance market.
