NEWS RELEASE

March 5th, 2018

CUV Ventures Corp Signs DA To Acquire Stake In Duales Inc, A Canadian Domiciled Fintrac Licensed Remittance Company Founded in 1994.

Vancouver, BC – CUV Ventures Corp. (TSX-V: CUV) (the “Company”) is pleased to announce that it has signed a definitive agreement to acquire a 10% minority stake in Duales Inc., a specialist in Caribbean remittances since 1994 and, duly licensed Canadian FINTRAC MSB (Money Service Business) entity, certified to operate in; foreign exchange, money transferring, Money Orders Provision, Traveller Cheques, Check cashing & Payday Loans and remittance sectors.

Significance of the stake in Duales Inc

Shareholders are advised that with the minority acquisition of Duales Inc. and, resulting equity partnership, deliveries of remittances through the blockchain secured Revolupay® app, into select Caribbean and South American markets, can be ensured as both standard financial deposit and personalized home delivery scenarios. Further, as Duales Inc. is a licensed FINTRAC MSB (Money Service Business), Revolupay® app users and the company will be afforded the utmost in financial safeguards.

While developing Revolupay®, management has compiled a concise list of criticism from remittance recipients using current international competitors. The overwhelming complaint being, that many remittance beneficiaries, especially the old and frail, found

it extremely traumatizing to travel great distances, wait in line in extreme heat and, often times, be ultimately unsuccessful in obtaining their remittance monies, due to: local inconsistent electricity, computer/network failures or admin related difficulties. Many of these grievances are amply voiced across the internet. Management wishes to launch Revolupay® as, not only the fastest and, doubtless cheapest, remittance service but, also the most convenient, with a full home delivery option in select markets.

In the western world, we often overlook how much of a crucial lifeline family remittances play in supporting family or friends still living in home countries. Remittance senders ultimately seek a speedy and secure mobile app, standard local bank or card deposits, cash collection and, additional options of home delivery of the funds. The ability to make multiple remittance payments from a single digital wallet is also something requested by remittance senders and, this is something that Revolupay® will seamlessly permit. Revolupay® already promises to be the most convenient mobile app and, through this latest acquisition of Duales Inc., will ensure funds arrive safely in the hands of family and friends, even directly to their homes. This extra level of service promises to position Revolupay® well above its traditional competitors. Steve Marshall, CUV Ventures CEO, commented on the Duales Inc. deal; *“the acquisition of minority equity in Duales Inc. brings us closer to our corporate goals for the Caribbean and South American roll-out of Revolupay®. Management and I will continue to conclude deals of this nature to ensure the broadest worldwide use of Revolupay® within the remittance user community.* Henry Martinez, Duales CEO, stated; *“Revolupay® allied to our long history at Duales Inc. as a major purveyor of remittances, promises to guarantee both fast remittance set-up and also delivery, my team and I look forward to working with the Revolupay® team of CUV Ventures to welcome clients, new and old, to the Revolupay® platform”*

Financial Terms of the Acquisition in Duales Inc.

The purchase price for the 10% equity of Duales Shares is one hundred and two thousand five hundred Canadian dollars (C\$102,500) which will be paid by the issuance to the Vendor, Lemargo Inc, of 500,000 common shares in the capital stock of CUV Ventures Corp at 0.165 C\$ and the payment of C\$20,000 in cash.
